

JAMES GIDEON

Wyoming, MI • jamgid@yahoo.com • 1(269)277-4272

An extremely adaptable and capable employee with an eye for diligence, and a charismatic personality that makes a natural leader and an excellent source of positive energy in any work environment.

Work Experience:

Silver Beach Pizza, Saint Joseph, MI

Busser/Food Runner, May 2014-October 2019

Daily duties generally included cleaning tables and taking food out to customers, but additional duties included training new employees, caring after the beer kegs and assisting the bartenders, general on-site maintenance, and any other miscellaneous kitchen/back-of-house tasks. Additionally, a strong customer service personality was needed for the multiple front-of-house tasks such as hosting, greeting, and serving.

Cooper's Hawk Winery and Restaurant, Kentwood, MI

My role here, as front of house staff, is to keep all other areas of the restaurant running more smoothly than they would on their own. Whether it's running food to tables and assisting with any other needs of the guests, polishing glasses for the tasting room and bar, or rolling polished silverware. Doing all this efficiently, I quickly became a reliable worker for my teammates to call upon for anything they needed, and a valued employee.

Education:

Saint Joseph High School, Saint Joseph, MI

Attended 2012-2016
